# OVERVIEW

On May 6, 2024, we started our On-the Job Training at DepEd Santa Rosa. We are designated in the Planning and Research Section were in our assigned primary task is Data Collection, Data Generation, Data Validation, Data Analysis, and the development of the Project Website.

# PRIMARY TASK

Our assigned specific tasks that are in relation to Data Collection, Generation, Validation, and Analysis are School Profiling, Enrollees Forecasting, Teacher Data Validation. These tasks were assigned by our supervisor and was accomplished by us on weeks 1-3.

**Week 1**

Profiling of various Public School Data in Santa Rosa City, and Forcasting of Enrolles for the year 2024-2026

**Week 2**

Profiling of various Private School Data in Santa Rosa City and also a few Public School Data.

**Week 3**

Validation of Teacher subject assignment from numerous public and private school in Santa Rosa City.

# FORECASTING PRESENTATION

After Forecasting the Enrollees for the School Year 2024 - 2026, each one of us presented our assigned Grade Levels to Forecast. Here are some of the photos from our Presentation.

# PROJECT WEBSITE

On Week 4, we started the development of the Project Website that was assigned to us by our supervisor. The Project Website is a Performance Indicator Calculation System. It calculates various performance indicators of different grade levels such as gross enrollment rate, dropout rate, etc.

# PROJECT WEBSITE PRESENTATION

After the Development of the Basic User-Interface and Functionalities of the Project Website, we presented it to our supervisor and also to other department representatives.

# RECOMMENDATIONS

Although the development of the project website was a success and our supervisor and other department representative were satisfied, our supervisor still have a few reccomendations to add to the existing website.

## **Suggestion 1**

Make the website have an admin and a client side in which the clients are various schools in Santa Rosa City and the admin is our supervisor (Planning Officer III).

## **Suggestion 2**

Add a functionality in which performance indicator data that are added by each schools in Santa Rosa City are sorted and can be accessed and selectec by the Admin.

## **Suggestion 3**

Add a functionality in which the admin can add or edit schools in the admin side of the website.

# WEBSITE PROGRESS

On week 5, we started the development of the new functionalities that were assigned to add to the existing website.

The screenshot shows the homepage of the DepED Performance Indicator website. The header features the PRS logo and navigation links for HOME (underlined), DASHBOARD, and GUIDE. A user profile icon and a 'Log out' button are also present. The main content area has a blue background with the text 'DepED Performance Indicator' in large red letters. Below it is a paragraph of placeholder text: 'Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua.' At the bottom are two buttons: 'PROCEED' in a dark blue box and 'GUIDE' in a white box. Two thumbnail images of school buildings are displayed in the center.

The screenshot shows the dashboard for Aplaya National High School. The header includes the PRS logo and navigation links for HOME, DASHBOARD (underlined), and GUIDE. A user profile icon and a 'Log out' button are also present. The main content area displays the title 'Aplaya National High School' and an 'Add file' button with a plus sign. Below this are two file entries: '06-01-2024 Performance Indicator Aplaya File 1' and '05-21-2024 Performance Indicator Aplaya File 2', each with download and delete icons. The background features a large, stylized blue wave graphic.

# WEBSITE PROGRESS

As shown in the previous slides, not only were some of the new functionalities were added, but also the overall look of the website was improved. However, the website is still not complete. As of week 8, the percentage of completion of our work is 80% with the only remaining task is the completion of the project website.
